

Al Noor General Hospital - Staff Handbook

Version 2.1 | Issued 2024 | For all employees (sample for testing)

1. Welcome and Working Hours

Welcome to Al Noor General Hospital. This handbook explains what is expected of every employee and what you can expect from us. Please read it carefully during your first week.

Full-time staff work 8 hours per day, 6 days per week in shifts. The three standard shifts are Morning (7:00 AM to 3:00 PM), Evening (3:00 PM to 11:00 PM) and Night (11:00 PM to 7:00 AM).

Staff must clock in using the biometric system at the start of each shift. Shift swaps must be approved by the department head at least 48 hours in advance.

The probation period for all new employees is 6 months. During probation, performance is reviewed after month 3 and month 6.

2. Annual Leave and Sick Leave

New joiners get 12 days of paid annual leave in their first year of service. From the second year onwards, employees receive 20 days of paid annual leave per year.

Leave requests must be submitted through the HR portal at least 14 days before the planned leave. Emergency leave is approved by the department head.

Sick leave of up to 3 consecutive days does not need a medical certificate. For longer absences a certificate from a licensed doctor must be given to HR on the day of return.

3. Dress Code and Identification

All staff must wear their hospital ID badge visibly at all times. Clinical staff wear the uniform of their department, and jewellery must be minimal. Nails must be short and clean, and artificial nails are not allowed in clinical areas.

Closed, non-slip shoes are required in all patient care areas.

4. Guidance for Staff on Visitors

Visiting hours are from 5:00 PM to 8:00 PM. Up to 3 visitors are allowed per patient at a time. Staff should politely ask any extra visitors to wait in the lounge.

If a visitor is aggressive or refuses to follow the rules, staff must call hospital security using extension 100 and must not argue with the visitor.

5. Incident Reporting

Every incident, accident or near-miss must be reported through the incident form within 24 hours. Reports are reviewed by the Quality Department every week.

Staff who report incidents honestly and on time will never be punished for the report. Our goal is to learn and improve patient safety.

6. Staff Grievances

Any employee who has a complaint can first speak to their line manager. If the issue is not solved in 10 working days, the employee can contact the HR department directly.
